Joy in After Years

There is nothing more precious to us than memories, memories of our school years when knowledge was being stored for the future.

But time often steals little details that make memories seem clear. So we present to you this 1955-'56 yearbook, hoping that each one will enjoy our memorable events of this year, and to show the close relationship between our school and our town.

As the memories of Colonial history were cherished by our ancestors, so may the memories of this year in Saint Jo High School be cherished when youth no longer dominates us.

A Place in The Sun

That they may have a place in the sun, the names of the friendly firms of our town and neighboring towns are placed in the lower margin of our picture pages. They have contributed an equivalent of a page, a half page, or a quarter page advertisement toward our production.

To these people, we wish to express our appreciation, and it is our desire that their interest and financial aid will not have been in vain.

Our Town

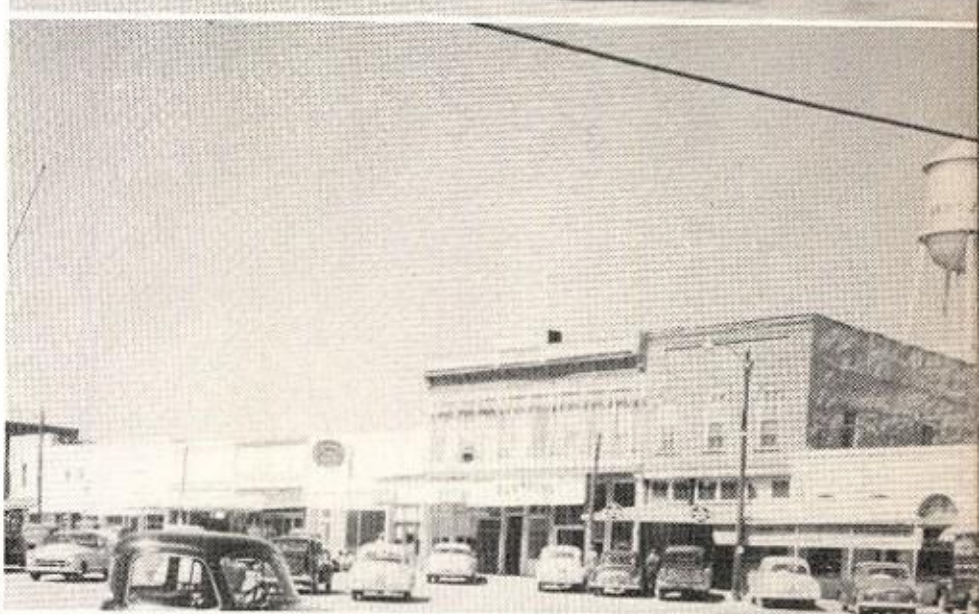

This is OUR TOWN -incorporated in 1886 -population, 1139.

In it we have spent the better part of our lives. From its environment, our characters are being built, and a part of our destiny has been shaped.

OUR TOWN is made up of friendly folks, who, because of their faith in us, have worked, planned, and sacrificed to give us the opportunities that they hope will make us better citizens of tomorrow.

For the many years of loyal support, for the friendliness, guidance, and yes, the necessary reprimands, we now dedicate with sincere affection this edition of PANTHER TRAILS to OUR TOWN.

School Song

In dear old Saint Jo High School,
Beneath the Texas sun,
It's here our lives are happy
Our hours are spent in fun.
We love to work,
We love to play,
Spending many a long happy day.
And when our school is over,
And life has just begun,
We always will remember
What our school has done.
We'll always work and strive and try,
To keep old Saint Jo's ideals high.

We strive to work together and help
each other too,
In basketball, in football, in track
and tennis too.
We crown ourselves in glory bright
For the fame of maroon and white.
The faculty that helps us to reach our
higher aims,
Will share with us the glory of Saint
Jo's future fames,
We hate to think the time is nigh
When we depart from dear old Saint Jo high.

Administration

Our school makes daily transactions with OUR TOWN'S First National Bank. Here we see our high school principal, MR. FLOYD ZION.
